## **HHGFAA Exhibition New York City 2007** New York City, NY (USA)

The largest meeting of our industry is annually organized by the Household Goods Forwarders Association of America (HHGFAA). Their 2007 convention took place in October, in New York City, right on Times Square. Certainly *EUROMOVERS* and the majority of its members are also members of HHGFAA. Thomas Juchum, General Manager of *EUROMOVERS* International proudly counted a number of 27 attendees sent by

different *EUROMOVERS* members. The *EUROMOVERS* atmosphere, dedication, care and quality services are well known by our worldwide industry and therefore numerous pleasant conversations and new business opportunities were negotiated in pleasant surroundings with important HHGFAA members.

Based on past tradition, *EUROMOVERS* was present with an own stand during the exhibition.

## **New Homepage of *EUROMOVERS* Germany** Bonn (Germany)

*EUROMOVERS* Germany has completed its new internet presence. Since November 2008 the new homepage is online and can be accessed at [www.euromovers.de](http://www.euromovers.de). Thanks to the enthusiasm of the marketing representative of the German Board, Mr. Lothar Schueten (Amadeus Umzuege, *EUROMOVERS*

Berlin), and a team of voluntary assistants, the new homepage provides all aspects of information about the attractive *EUROMOVERS* moving services.

The *EUROMOVERS* International Homepage is due to be modified and updated soon. We will report at the next issue of the "breaking news".

## **ATLAS Van Lines Convention in Orlando 2007**

### **Orlando, FL (USA)**

..."Hands across the water"... was the headline of the article in the Amplifier, the official magazine of ATLAS Van Lines, Evansville, Indiana (USA).

Keld Gissemann (*EUROMOVERS* Copenhagen) was the first of the *EUROMOVERS* delegation who proudly recognized those famous words, during the ATLAS Van Lines convention in November 2007 in Orlando, Florida.

Pete Helgeson (General Manager ATLAS INTL) prepared this article and found the right words to explain our

co-operation which now begins to take shape.

Beautiful weather conditions prevailed during the event and for *EUROMOVERS* it was an excellent opportunity to build the level of cooperation.

As the only European agent, the *EUROMOVERS* Member ETSA - Express Transport Shipping, Bremerhaven, Germany, represented by its General Manager, Mr. Woody Zobel, has been honored with an award by ATLAS International. Congratulations!

## **BIOTECHNICA 2007**

### **Muenster (Germany)**

The *EUROMOVERS* Member Horst Geuer Umzuege Ltd. Muenster (Northern Part of Germany) was present with its own booth at the BIOTECHNICA in Hannover. This trade show took place October

09th - 11th, 2007, in Hannover, Germany. BIOTECHNICA is considered to be the leading fair in the European Biotech industry. The show counted a total of 13,000 visitors. A large number of them visited the booth of Horst Geuer Ltd.

The General Manager, Horst Geuer and his Marketing Assistant, Henning-Tycho Biermann, presented their company as a specialist for removals of entire laboratories. Pleasingly many contacts with potential customers were made. The press department of the BIOTECHNICA recognized their

presence with an article: "A service provider has presented the professional removal of laboratories..."

Due to this successful event, Horst Geuer Umzuege has booked a booth at the "analytica" trade show in April 2008 in Munich and also their presence at the next BIOTECHNICA trade show in September 2008 is in preparation.
